

# STOVES AND STOVE SUPPLIES

## Heaters Galore

### Great Western

We have handled this heater for the past five years. Let us refer you to the enthusiastic customers now using them. You will appreciate more the praise they give them than anything we might say.

### Culter & Proctor

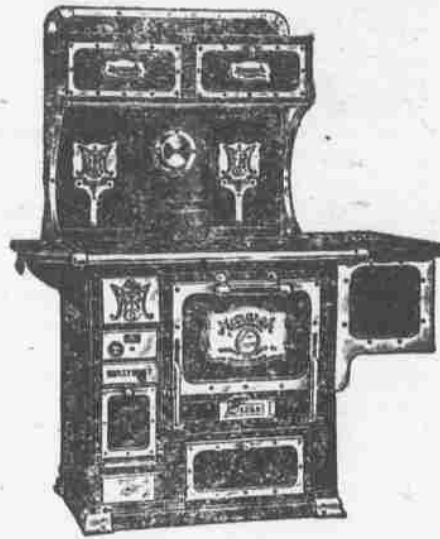

This line of stoves has been sold in Laclede ever since the days of C. E. Hilton. There are perhaps more of this make of stoves in use in Laclede and vicinity than any other make and is useless for us to say a word as to the merits of this great line.

## COLD WEATHER COMING

Why wait to buy that heater or range until the whole family contracts a cold and the doctor's services are required? Stove prices are cheaper today than they will be later as the stoves on our floor were purchased several months ago. The price of pig iron today is the highest it has yet been. When we replace the stoves we are now offering there is now question but what you will pay more.

## Monarch Ranges

The only range constructed in the last 20 years that has any improvements over the old style stoves your mother and grandmother use to use. See 'em! they are beauties.

## Every Woman Should Use Town Talk Tablets For Comforts

Women that are thin, pale, hollow-chested, sunken-cheeked who are losing flesh, can't sleep, have foul breath, bad taste, in the mouth, who worry, fret, have hysteria and crying spells, and are all run down, have ailments produced by a diseased or impoverished condition of the blood. Their poor bodies need nourishment. Town Talk Tablets cure all these symptoms as if by magic. They cure the periodical sufferings that are peculiar to women. It makes them healthy and happy, because it puts new life into their system, new energy into their veins, which nourishes the lungs, the heart, the kidneys, stomach, bowels and other organs. Here is a woman who has passed through the sufferings that thousands of women just now are experiencing. Mrs. N. A. Hatch of 80 Park Avenue, Brockton, Mass., says:

"For a long time I was in a terrible run-down condition with female trouble, which my physicians called different names. I terribly at periods, and could get no relief. I heard of Town Talk Tablets which a number of my neighbors were taking, every one of whom had some good report to make about them, so I got a bottle. They helped me at once, so I got another. After the second the pains left me, and my old periodical suffering came no more. I kept at it, taking several bottles, but now am entirely cured. I do my own work, and never have a pain, I am gaining strength and flesh every day. There is certainly nothing made that can equal Town Talk Tablets \$1.00 a bottle. Mailed by Home Relief Laboratories, Boston, Mass.

### Best in Fifteen Years

At the ending of the growing season the agricultural situation is found to be the best of the year, showing improvement in corn, further enlarged acreage of wheat planting, and increased supplies of both food and forage to help win the war, according to the official crop report issued for October by Secretary Jewell Mayes of the Missouri state board of agriculture.

Corn, the king of the Missouri farmer's money crops, presents a final preliminary average of 36 bushels per acre, 7,600,000 acres, 284,000,000 bushels. Condition, 91.7 percent; the only corn state showing improvements in past five weeks. Average quality, 94 percent. Safe from frost on October 1, 84 percent, and today all safe except late replantings. The 1902 corn crop averaged 40 bushels, and 1917 is the heaviest in 15 years.
